

Meeting Notes 11/29/18

Team: afterschoolspecials

Attendees: Haley, Bridger, Victoria, Cassie, Mohammad, Zheng

Date: Thursday November 29th, at 4:00 pm

Meeting Agenda: The team met today to hold an agile meeting and discuss the progress that has been made thus far. The team has almost completely finished the app. When running through it we found a few minor bugs. The delete function wasn't working properly and a few of the fields weren't clearing correctly. The bugs will be fixed before monday so we can start prepping for our presentations next week.
